

## RCD Sockets & Spurs Datasheet

### SMR13A/030 - Double RCD Metal Socket (Switched)

#### Construction and Features

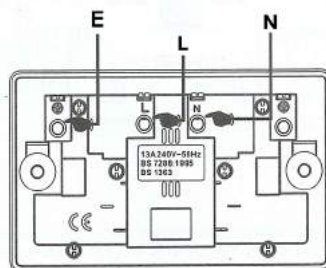

- Twin 13A 30mA RCD Switch Socket
- Includes Surge Protection
- Complete with Test button
- 'Passive' type latched
- Designed for home and small office use
- Extra protection for specific equipment

#### Technical Data

- Rated Voltage: 240VAC
- Rated Current: 13A
- Frequency: 50Hz
- Tripping Current: 30mA
- Disconnection Time: < 40ms
- Voltage Surge: 4K (100KHz Ring Wave)
- Endurance: 3000 Cycles min
- Cable capacity: 5x 2.5mm<sup>2</sup> max
- IP Rating: IP4X
- RCD Type: Latching pin
- Breaking Capacity: 250A
- Minimum Box Depth: 25mm
- Ambient Operating Temperature: -5°C - +40°C

#### Wiring Diagram

#### Overall & Installation Dimensions
